BOBBY IS GROOVY, I LOVE YOU BOBBY. They had clutched at RFK's hand and torn at his clothes and once removed a shoe. But Kennedy wanted to know: Were they voters, or just sensation seekers? Would they meet his insistent, disturbing challenge to their better selves? Did they love him-or his dead brother?

He never got to find out. He was shot on the night he won the California primary, at 12:15 am., June 5, 1968, and died 26 hours later. He passed instantly into mythology. It is difficult, in our more compared to purchase the spring of the

## Introduction

What can we learn about the book's purpose? Its organization? THE CROSSROADS

INTRODUCTION

6:59 s.m. on the 12th of April, 1061, Genaral Forey intere Toutent Beauraged directed bits Considerate and the open free on forst Senser, at that have only a sk shape out in Charlesten harber. Thirty-due houses are a value dag over the fore ended the bonduradoware are only closality was a Coreference house. It was a codius opening in the bloodest war in American mery.

To one could have producted the magnitude of the phone that metaded Anaesia following the opening ct. Until then America had been, in Proce Cattone wrote, and recengt to carry in the mind of the theory, and a sing meric furtherland was what he could see from this observe wrothers. "This most of short America, was before related Was went into spatiality that acquisition, and menutivate the retires because readed from it. Postreby Intag and shopping events it America, history—so much finang and shopping events in America, history—so much finang and shopping events in America, history—so much finang has a propositive to imagine what we would re been like writes to.

Scortly after Appendixton, Walt Whitman a Broadspasmaller and sometime processing potential in the apputtion hospitals, sourced potentity of what he had at. "Future yars," he wrote, "will never lasses the white hell and the hields infertion background, the antices minor sceniss and interties of the secondon war, like to bear they should not. The red wars," Whitman incel, "will never gat in the books."

The writers and bioactions of faitnet years have most been not of by Wintermark admonition. In the century and a prove since the wark auditation, now that thy those all books have been published on the Gav Ware counpowersal diverse and regimenant histories, tographics I military fairnitives, pictured camps, dockal and year, the flat have treated camps and direct, damographics, y matistics, own the weether. And yet Whitesan's words retain ducir force. The "read war" stays there, outside all the books, becknning to us. Why did Americans kill cash other? How and it happen? Who sowe these people who fought and killed, marched and sing, wrote homic, skuladded, deserted, died, named and lawented, persevered and some defeated? What was it like to be in that war? What did it do to America and Americans? What happened to the incoment that freed blacks from slavery? Why have succeeding generations obscured the war with blocalizas, gallant myth, blurring: the causes of the war and its great enabling outcomethe freeing of four million black people and their descendants from bondage? What slid it mean that the Union won? What does it mean to ben Union? Why are we still so drawn to this tale of softening, catastrophe, value, and dearb?

Some events so pervestedy condition the life of a coltrare that they retain the powers to factome persunently. They because the been of wyth and the archer of meming for a whole society. The Chift War was such an event. Indeed, an Robert Penn Warren orce wrote, the CHI Wars is for the Association sequentiset, the grant dugit event of our history. # How do I read a scholarly article?

## The Structure of a Scholarly Article

Abstract—usually indented or italicized at the beginning of the anticle, the abstract provides a summary of the research, including its purpose, significant results, and implications. Read the abstract to quickly gauge if the article suits your paper's topic. (Mitchell)

questia school

Questia School offers the **premier online library and** research tools for high schools

Students and teachers love Questia School
---

"I think that the amount of on-line, full-text material available is one key benefit of Questia School. When using other on-line databases they do not have full text, but only abstracts. Another excellent tool in Questia School is the ability to keep articles organized in different project folders. Also, the ability to create automatic bibliographies and citations, highlight text and take notes is amazing!"
